THE COLLEGE-STREET PRESBYTERIAN CHURCH—ITS GROWTH AND PROSPERITY.

It always affords us pleasure to chronicle the growth of our beautiful city, and of special prominence to those evidences of its expanding greatness, which are calculated to endure it to those who are natives and to the man born, or attract others, who are seeking homes, to one in this city. In this regard, the College-street Presbyterian Church is one of the most potent for good that our constantly increasing church community has. Church edifices of stately proportions, and of noble proportions, are going up in our midst, and on our borders; and we regard it as one of the crowning excellencies of Louisville society, that in all of these houses, dedicated to public worship, large congregations are gathered, and the regular Sunday services. It is also noteworthy, that the more central and wealthier of our city churches are not unprovided of the wants of those who live along its outer boundaries, and are doing all that is possible to extend to them the church and Sabbath school privileges. In this connection the College-street Presbyterian Church stands conspicuous, and considering its recent organization, too much praise cannot be bestowed for the missionary spirit evinced by its membership.

The College-street Presbyterian Church was organized by about one hundred members from the Second Presbyterian Church of this city, on the 23d of June, 1867. The total cost of the building was \$15,000, thirteen thousand of which has been paid, leaving a debt of \$2,000 which will be discharged during the present year.

The College-street Church is now composed of about one hundred and fifty members, and as it is situated in a rapidly improving part of the city, in the midst of an intelligent, refined and Christian population, its increase will soon demand larger church facilities.

In November, 1867, the Mission House, on Caldwell street, between Preston and Floyd streets, which is a branch of the College-street Church, and was dedicated, was commenced. The large lot on which it is erected was donated by the Rev. Dr. Humphrey, the distinguished pastor of the College-street church. The Mission House is a most commodious and substantial building, and is situated on a lot of 30 feet in the rear, and is 20 feet in the front, and is finished with seats, and the entire cost of the building, complete, is estimated at \$25,000.

The building was completed last evening, and is ready for the dedication service, which will take place to-day at 3 o'clock P.M.

The Mission House of the College-street Presbyterian Church is a monument of the missionary spirit which animates its members, and is an example which the other churches can profitably follow.

Death of the Police Bill.

Last evening the committee of the General Council, appointed to proceed to Frankfort and protest against the passage of the metropolitan in session passed a resolution to the effect that they had a safe voyage to the capital and back again. Their labors will be crowned with success. This is most gratifying intelligence to the people of Louisville, who have been so long waiting for the passage of the bill.

Alderman C. P. Ridd, chairman of the committee, informs us that there is not the slightest probability of even an attempt at passing the bill in session. The committee of the General Council, C. P. Ridd, J. L. Snyder, George Brothman, Geo. T. Bannan and W. H. Dunlap, met the project as it was in the hands of our State Legislators and thought of it.

Snyder, George Brothman, Geo. T. Bannan and W. H. Dunlap, met the project as it was in the hands of our State Legislators and thought of it.

THE LOUISVILLE JOURNAL—J. D. O'BORNE, ESQ.

For thirteen years past the Louisville Journal, has disposed of its interest in that establishment and severed his connection with it. Mr. O'Brien, the proprietor of the Journal is unquestionably attributable to the zeal, energy and tact that he displayed in controlling its complicated financial affairs, and giving to the public a paper of the highest quality and interest. While his services were so essential to the very existence of a newspaper, few comprehend the amount of labor, the peculiar talent and the tireless energy required to constitute a newspaper a success. Mr. O'Brien has always been the most pleasant character. We part with him from our common field of labor with reluctance, and wish him continued prosperity in whatever sphere of action he may engage.
